STOCK PLANS

EMPLOYEE STOCK OWNERSHIP PLAN

In May 1983, the Company adopted an Employee Stock Ownership Plan ("ESOP" or "Plan"). Employees of the Company and its subsidiaries are eligible to participate in the Plan, provided they are not members of a collective bargaining unit. The ESOP has a Trustee, U.S. Trust Company of California, N.A. (the "Trustee"), who votes the securities held by the Plan (other than securities of the Company which have been allocated to employees' accounts).

The annual contributions to the Plan are to be in such amounts as the Board of Directors in its sole discretion shall determine. Each employee who participates in the Plan has a separate account and the annual contribution by the Company to an employee's account is not permitted to exceed the lesser of \$30,000 (or such other limit as may be the maximum permissible pursuant to the provisions of Section 415 of the Internal Revenue Code and Regulations issued thereunder) or 25% of such employee's annual compensation, as defined under the Plan. No contributions are required of, nor are any accepted from, any employee.

All contributions to the Plan are invested primarily in the Company's securities. The Trustee has the right to purchase the Company's securities on behalf of employees. The Trustee is considered the shareholder for the purpose of exercising all owners' and shareholders' rights, with respect to the Company's securities held in the Plan, except for voting rights, which inure to the benefit of each employee who can vote all shares held in his account, even if said shares are not vested.

The Trustee is empowered to borrow funds for the purpose of purchasing the Company's securities. The securities so purchased are required to be held in an acquisition indebtedness account, to be released and made available for allocation as principal is repaid. In this regard, as of December 16, 1994, the Plan had outstanding borrowings of \$750,000 from a lending institution. The loan is guaranteed by the Company. For the fiscal year ending September 30, 1994, the contributions allocated for the accounts of Messrs. Blau, Balemian and Alesia were approximately \$2,000, \$2,000 and \$2,000, respectively, and approximately \$6,000 for all executive officers as a group.

RESTRICTED MANAGEMENT STOCK BONUS PLAN

The Restricted Management Stock Bonus Plan (the "Bonus Plan") covered 1,500,000 shares of Common Stock of the Company and was intended to provide a further means of inducing executives and other "key salaried employees" of the Company to join and remain with the Company. The Bonus Plan, which was approved by the Stockholders in 1982 and amended in 1985 and 1987, provided for the sale of Common Stock to eligible employees at par value, which is \$.25 per share. The Board of Directors or its Compensation Committee determined, in its discretion, participants and the number of shares awarded under the Bonus Plan. Shares issued under the Bonus Plan vest in four equal installments on the second, third, fourth and fifth anniversaries of the date of issuance. Except for those shares which have been vested, shares issued under the Bonus Plan may not be sold, transferred or otherwise disposed of, unless they first are offered to the Company for the same amount paid by the recipient. During fiscal 1994, 9,500 shares were issued under the Bonus Plan. As of December 16, 1994, all available shares have been issued under the Bonus Plan.

INCENTIVE STOCK OPTION PLAN

The Incentive Stock Option Plan (the "Option Plan"), which expired in July 1992, was intended to provide an additional means of inducing executives and other "key salaried employees" of the Company (which is defined under Section 422 of the Internal Revenue Code as employees of the Company and its subsidiaries) to join and remain with the Company by offering them a greater share of the Company's stock and a greater identification with the stockholders of the Company. Within the limits of the Option Plan, the Company's Board of

Directors, in its discretion, determined the participants under the Option Plan, the number of options to be granted under the Option Plan and the purchase price and terms of each option. The price for the shares covered by each option was required to be not less than 100% of the fair market value at the date of grant. Options expire five years from the date of grant. As of December 16, 1994 options to purchase 242,000 shares are outstanding and exercisable at prices ranging from \$1.625 per share to \$2.25 per share.

1988 NON-QUALIFIED STOCK OPTION PLAN

The 1988 Non-Qualified Stock Option Plan (the "1988 Plan") which was adopted by the Board of Directors in May 1988 and amended in November 1992, covers 1,000,000 shares of the Company's Common Stock. Under the terms of the 1988 Plan, the purchase price of the shares subject to each option granted will not be less than 100% of the fair market value at the date of grant. The terms of each option shall be determined at the time of grant by the Board of Directors or its Compensation Committee. During fiscal 1994, options were granted to purchase 84,000 shares under the 1988 Plan. As of December 16, 1994, options to purchase 593,000 shares were exercisable at prices ranging from \$1.50 per share to \$8.625 per share and options to purchase 148,500 shares remained available for future grants under the 1988 Plan.

1992 NON-QUALIFIED STOCK OPTION PLAN

The 1992 Non-Qualified Stock Option Plan (the "1992 Plan"), which was adopted by the Board of Directors in November 1992 and approved by the stockholders in February 1993, covers 1,000,000 shares of the Company's Common Stock. Under the terms of the 1992 Plan, the purchase price of the shares subject to each option granted will not be less than 100% of the fair market value at the date of grant. The terms of each option shall be determined at the time of grant by the Board of Directors or its Compensation Committee. During fiscal 1994, options were granted to purchase 823,000 shares under the 1992 Plan. As of December 16, 1994, options to purchase 91,500 shares were exercisable at prices ranging from \$6.625 per share to \$9.125 per share and options to purchase 2,000 shares remained available for future grants under the 1992 Plan.

OUTSIDE DIRECTOR STOCK AWARD PLAN

The Company has an Outside Director Stock Award Plan (the "Outside Director Plan"), which was approved by shareholders in 1994, under which 300,000 shares may be issued to non-employee directors. Annually, at the time of each annual meeting of shareholders, each eligible director is awarded shares of the Company's Common Stock having a value of \$10,000, which shares vest in equal installments over a three-year period. In 1994, an aggregate of 10,770 shares were issued under the Outside Director Plan.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During fiscal 1994, the Company's Compensation Committee consisted of Messrs. Abraham M. Buchman, Bertrand M. Bell, Rear Admiral Clarence A. Hill, Jr. (Ret.) and Milton Paulson. None of these persons were officers or employees of the Company during fiscal 1994 nor had any relationship requiring disclosure in this Proxy Statement.

In accordance with rules promulgated by the Securities and Exchange Commission, the information included under the captions "Compensation Committee Report on Executive Compensation" and "Performance Graph" will not be deemed to be filed or to be proxy soliciting material or incorporated by reference in any prior or future filings by the Company under the Securities Act of 1933 or the Securities Exchange Act.

The compensation of the Company's executive officers is generally determined by the Compensation Committee of the Board of Directors, subject to applicable employment agreements. Each member of the Compensation Committee is a director who is not an employee of the Company or any of its affiliates. The following report with respect to certain compensation paid or awarded to the Company's executive officers during fiscal 1994 is furnished by the directors who comprised the Compensation Committee during fiscal 1994.

GENERAL POLICIES

The Company's compensation programs are intended to enable the Company to attract, motivate, reward and retain the management talent required to achieve corporate objectives, and thereby increase shareholder value. It is the Company's policy to provide incentives to its senior management to achieve both short-term and long-term objectives and to reward exceptional performance and contributions to the development of the Company's businesses. To attain these objectives, the Company's executive compensation program includes a competitive base salary, cash incentive bonuses and stock-based compensation. See "Management -- Employment Agreements".

Stock options are granted to employees, including the Company's executive officers, by the Compensation Committee under the Company's 1988 and 1992 Non-Qualified Stock Option Plans and, if approved by shareholders, the Company's 1995 Stock Option Plan. The Committee believes that stock options provide an

10

13

incentive that focuses the executive's attention on managing the Company from the perspective of an owner with an equity stake in the business. Options are awarded with an exercise price equal to the market value of Common Stock on the date of grant, have a maximum term of ten years and generally become exercisable for half of the option shares one year from the date of grant and for all of the option shares two years from the date of grant. Among the Company's executive officers, the number of shares subject to options granted to each individual generally depends upon the level of that officer's responsibility. The largest grants are awarded to the most senior officers who, in the view of the Compensation Committee, have the greatest potential impact on the Company's profitability and growth. Previous grants of stock options are reviewed but are not considered the most important factor in determining the size of any executive's stock option award in a particular year.

From time to time, the Compensation Committee utilizes the services of independent consultants to perform analyses and to make recommendations to the Committee relative to executive compensation matters. No compensation consultant is paid on a retainer basis.

RELATIONSHIP OF COMPENSATION TO PERFORMANCE

The Compensation Committee annually establishes, subject to the approval of the Board of Directors and any applicable employment agreements, the salaries which will be paid to the Company's executive officers during the coming year. In setting salaries, the Compensation Committee takes into account several factors, including competitive compensation data, the extent to which an individual may participate in the stock plans maintained by the Company, and qualitative factors bearing on an individual's experience, responsibilities, management and leadership abilities, and job performance.

For fiscal 1994, pursuant to the terms of his employment agreement with the Company, Robert Balemian, the Company's President, received a base salary and a cash incentive bonus based on the Company's pre-tax income. See "Management -- Employment Agreements." In light of this employment agreement, the Compensation Committee was not required to make any decision regarding the cash compensation of Mr. Balemian. Mr. Balemian was also granted certain stock options for the same reasons as are set forth under "Compensation of Chief Executive Officer" below. Mr. Patrick Alesia, the Company's Vice President and Treasurer, also received a base salary, a cash bonus and grants of stock options under the Company's 1992 Non-Qualified Stock Option Plan and restricted shares under the Company's Restricted Management Stock Bonus Plan. The Compensation Committee determined that this base salary, bonus and grants of stock options and restricted stock were appropriate given the Company's financial performance, the substantial contribution made by Mr. Alesia to such performance and the compensation levels of executives at companies competitive with the Company.

COMPENSATION OF CHIEF EXECUTIVE OFFICER

For fiscal 1994, pursuant to the terms of his employment agreement with the Company, Mr. Harvey R. Blau, the Company's Chairman and Chief Executive Officer, received a base salary and a cash incentive bonus based on the Company's pre-tax income. See "Management -- Employment Agreements". In light of this employment agreement, the Compensation Committee was not required to make any decision regarding the cash compensation of Mr. Blau. The Compensation Committee granted to Mr. Blau, in addition to the options to purchase 75,000 shares of Common Stock exercisable at \$9.125 per share, a five year option to purchase 390,000 shares exercisable at \$7.125. Each of these options were granted at exercise prices equal to the market value of the Company's Common Stock on the date of grant. The five-year option to purchase 390,000 shares is exercisable only after the closing price of the Company's Common Stock has attained an average price of \$10.00 per share for ten consecutive trading days, or sixty days before the options expire (whether or not the price per share target has been met). The Compensation Committee believes that these options provide an

11

14

incentive for Mr. Blau to maximize long-term shareholder value. The Compensation Committee also noted that under Mr. Blau's leadership during his tenure as Chief Executive Officer, the Company's annual revenues, annual earnings, the market capitalization and the market value per share of Common Stock of the Company have all increased substantially.

COMPLIANCE WITH SECTION 16(A) OF THE SECURITIES EXCHANGE ACT

Section 16(a) of the Exchange Act requires the Company's executive officers, directors and persons who own more than ten percent of a registered class of the Company's equity securities ("Reporting Persons") to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission (the "SEC") and the New York Stock Exchange (the "NYSE"). These Reporting Persons are required by SEC regulation to furnish the Company with copies of all Forms 3, 4 and 5 they file with the SEC and the NYSE. Based solely upon the Company's review of the copies of the forms it has received, the Company believes that all Reporting Persons complied on a timely basis with all filing requirements applicable to them with respect to transactions during fiscal 1994 except that Lieutenant General James W. Stansberry failed to timely file two Form 4s relating to two purchase transactions for an aggregate of 1,800 shares of the Company's Common Stock and one Form 5 relating to a transfer of shares of the Company's Common Stock to his wife.

PROPOSED AMENDMENT TO THE CERTIFICATE OF INCORPORATION
CHANGING THE NAME OF THE COMPANY

The Board of Directors has proposed and recommends to the Company's shareholders an amendment to Article "FIRST" of the Company's Certificate of Incorporation to change the name of the Company from Instrument Systems Corporation to Griffon Corporation. This proposed amendment is indicated on Exhibit A annexed hereto.

The Board has given consideration to a possible name change for Instrument Systems Corporation, primarily because the Company's present name no longer portrays the nature of its business. The Company is a diverse business enterprise with operations in three major businesses -- building products, speciality plastic films and electronic information and communication systems. After substantial review, the Board has decided

13

16

to recommend to the shareholders that the name of the Company be changed to Griffon Corporation. The Griffon, in mythology, stands for diversity, strength, vigilance, valor, science and knowledge. If the stockholders approve the change of the name, the Company intends to adopt the logo "Strength through Diversity."

The proposed amendment to the Certificate of Incorporation must be approved by the affirmative vote of the holders of a majority of the Company's outstanding capital stock entitled to vote on this matter at the Annual Meeting.

The Board of Directors recommends a vote FOR approval of the amendment.

PROPOSAL TO ADOPT 1995 STOCK OPTION PLAN

INTRODUCTION

At the Annual Meeting there will be presented to stockholders a proposal to approve the adoption of the Instrument Systems Corporation 1995 Stock Option Plan (the "1995 Option Plan"), which was approved by the Board of Directors on November 8, 1994, subject to stockholder approval. Eligible participants are officers and employees of the Company or any of its subsidiaries or affiliates. Options granted under the 1995 Option Plan may be incentive stock options qualified under Section 422 of the Internal Revenue Code of 1986, as amended, (the "Code") or non-qualified stock options.

Management believes that the Company's long-term success is dependent upon the ability of the Company to attract and retain qualified officers and employees and to motivate their best efforts on behalf of the Company's interests. The Company believes that the 1995 Option Plan will constitute an important part of the Company's compensation of its officers and other employees, particularly since only approximately 150,000 shares of Common Stock are available under the Company's existing stock option plans.

NEW PLAN BENEFITS

The following table sets forth as of December 16, 1994 the benefits under the 1995 Option Plan that will be received by the executive officers named in the "Summary Compensation Table", subject to shareholder approval of the 1995 Option Plan:

1995 STOCK OPTION PLAN		
NAME AND POSITION	DOLLAR VALUE (1)	NUMBER OF SHARES SUBJECT TO OPTIONS
Harvey R. Blau, Chairman and Chief Executive Officer.....	--	--
Robert Balemian, President.....	--	--
Patrick L. Alesia, Vice President and Treasurer.....	--	10,000
All executive officers as a group (4 persons).....	--	15,000

(1) These options were granted at an exercise price equal to the market value of shares of the Company's Common Stock on the date of grant.

The full text of the 1995 Option Plan appears in Exhibit "B" to this Proxy Statement. The principal features of the 1995 Option Plan are summarized below, but such summary is qualified in its entirety by the full text of the 1995 Option Plan.

STOCK SUBJECT TO THE PLAN

The stock to be offered under the 1995 Option Plan consists of shares, whether authorized but unissued or reacquired by the Company, of Common Stock of the Company. The total number of shares of Common Stock issuable upon the exercise of all stock options under the 1995 Option Plan may not exceed 1,000,000 shares, subject to adjustments upon the occurrence of certain events, including stock dividends, stock splits, mergers, consolidations, reorganizations, recapitalizations, or other capital adjustments. No individual may be granted options to purchase more than an aggregate of 500,000 shares of Common Stock pursuant to the 1995 Option Plan.

ADMINISTRATION OF THE PLAN

The 1995 Option Plan is to be administered by the Board of Directors of the Company; provided, however, that the Board may, in the exercise of its discretion, designate from among its members a Compensation Committee or a Stock Option Committee (the "Committee") consisting of no fewer than two directors. The Board intends that its Compensation Committee will administer the 1995 Option Plan.

Subject to the terms of the 1995 Option Plan, the Board of Directors or the Committee may determine and designate those officers and employees who are to be granted stock options under the 1995 Option Plan and the number of shares to be subject to such options and, as hereinafter described, the nature and terms of the options to be granted. The Board of Directors or the Committee shall also, subject to the express provisions of the 1995 Option Plan, have authority to interpret the 1995 Option Plan and to prescribe, amend and rescind the rules and regulations relating to the 1995 Option Plan.

GRANT OF OPTIONS

Officers and employees of the Company or any of its subsidiaries or affiliates are eligible to participate in the 1995 Option Plan.

The exercise price for incentive stock options granted under the 1995 Option Plan will be the market value of the Company's Common Stock on the date of grant of the stock option (or in the case of incentive stock options granted to any individual who owns stock possessing more than 10% of the total combined voting power of all voting stock of the Company [a "Principal Stockholder"], 110% of such fair market value). The exercise price for Non-Qualified Stock Options granted under the 1995 Option Plan will be not less than such fair market value. The option price, as well as the number of shares subject to such

option, shall be appropriately adjusted by the Committee in the event of stock splits, stock dividends, recapitalizations, and certain other events involving a change in the Company's capital.

In November 1994, options to purchase 15,000 shares of the Company's Common Stock were granted under the 1995 Option Plan, subject to shareholder approval, at an exercise price of \$7.50 per share.

EXERCISE OF STOCK OPTIONS

Stock options granted under the 1995 Option Plan shall expire not later than ten years from the date of grant, or in the case of any incentive stock option granted to a Principal Stockholder, five years from the date of grant or such shorter period as the Committee may determine.

Stock options granted under the 1995 Option Plan may become exercisable in one or more installments in the manner and at the time or times specified by the Committee. Subject to this power of the Committee, and except in the manner described below upon the death of the Optionee, a stock option may be exercised only in installments as follows: up to one-half of the subject shares on and after the first anniversary of the date of grant, and up to all of the subject shares on and after the second such anniversary of the date of the grant of

15

18

such Option, but in no event later than the expiration of the term of the Option. Typically, option installments will be cumulative and exercisable until the expiration of the exercise period.

Upon the exercise of a stock option, Optionees may pay the exercise price in cash, by certified or bank cashiers check or, at the option of the Company, in shares of Common Stock of the Company valued at its fair market value on the date of exercise, or a combination thereof. Withholding and other employment taxes applicable to the exercise of an option shall be paid by the optionee at such time as the Board of Directors or the Committee determines that the optionee has recognized gross income under the Code resulting from such exercise. These taxes may, at the option of the Company, be paid in shares of Common Stock.

An Incentive Stock Option shall be exercisable during the Optionee's lifetime only by the Optionee and shall not be exercisable by the Optionee unless, at all times since the date of grant and at the time of exercise, such Optionee is an employee of the Company, or any subsidiary or affiliate, except that, upon termination of all employment (other than by death or by Total Disability followed by death in the circumstances provided below) with the Company, any subsidiary or any affiliate, the Optionee may exercise an Incentive Stock Option at any time within three months thereafter but only to the extent such Option is exercisable on the date of such termination.

In the event of the death of an Optionee (i) while an employee of the Company, any parent corporation of the Company or any subsidiary, or (ii) within three months after termination of all employment with the Company, any parent corporation of the Company and any subsidiary (other than for Total Disability) or (iii) within three months after termination on account of Total Disability of all employment with the Company, any parent corporation of the Company and any Subsidiary, such optionee's estate or any person who acquires the right to exercise such option by bequest or inheritance or by reason of the death of the optionee may exercise such Optionee's Option at any time within the period of one year from the date of death. In the case of clauses (i) and (iii) above, such Option shall be exercisable in full for all the remaining shares covered thereby, but in the case of clause (ii) such Option shall be exercisable only to the extent it is exercisable on the date of such termination.

To the extent the aggregate market value of the Common Stock (determined as of the date of grant) with respect to which any options granted are intended to be designated as Incentive Stock Options under the 1995 Option Plan (or any other incentive stock option plan of the Company or any subsidiary) which may be exercisable for the first time by the optionee in any calendar year exceeds \$100,000, such options shall not be considered Incentive Stock Options.

Stock options granted under the 1995 Option Plan may not be transferred by the holder other than by will or the laws of descent and distribution and may be exercised during the holder's lifetime only by the holder.

CHANGE IN CONTROL

In the event of a Change in Control (as defined), at the option of the Board or the Committee, (a) all options outstanding on the date of such Change in Control shall, for a period of sixty (60) days following such Change in Control, become immediately and fully exercisable, and (b) an optionee will be permitted to surrender for cancellation within sixty (60) days after such Change in Control any option or portion of an option which was granted more than six (6) months prior to the date of such surrender, to the extent not yet exercised, and to receive a cash payment in an amount equal to the excess, if any, of the Fair Market Value (on the date of surrender) of the shares of Common Stock subject to the option or portion thereof surrendered, over the aggregate purchase price for such Shares under the option.

16

19

FEDERAL INCOME TAX CONSEQUENCES

Incentive stock options granted under the 1995 Option Plan are intended to be qualified incentive stock options in accordance with the provisions of Section 422 of the Code. All other options granted under the 1995 Option Plan are non-qualified options not entitled to special tax treatment under Section 422 of the Code. Generally, the grant of an incentive stock option will not result in taxable income to the recipient at the time of the grant, and the Company will not be entitled to an income tax deduction at such time. The grant of non-qualified options will not result in taxable income to the recipient at the time of the grant to the extent that it is granted at 100% of the fair market value of the Company's Common Stock at such time. So long as such option does not result in taxable income to the recipient at the time of the grant, the Company will not be entitled to an income tax deduction.

Upon the exercise of an incentive stock option granted under the 1995 Stock Option Plan, the recipient will not be treated as receiving any taxable income, and the Company will not be entitled to an income tax deduction. Upon the exercise of a non-qualified option, an employee who is not a director or officer of the Company will be treated as receiving compensation, taxable as ordinary income, in an amount equal to the excess of the fair market value of the underlying shares of the Company's Common Stock at the time of exercise, over the exercise price. The date of recognition and determination of the ordinary compensation income attributable to shares received upon exercise of an option by an officer of the Company, while he or she is subject to Section 16(b) of the Securities Exchange Act of 1934, is generally delayed until six months after such exercise, unless that person elects to be taxed as of the date of exercise. The Company will receive an income tax deduction for the amount treated as compensation income to the recipient at the time and in the amount that the recipient recognizes such income.

Upon subsequent disposition of the shares subject to the option, any differences between the tax basis of the shares and the amount realized on the disposition is generally treated as long-term or short-term capital gain or loss, depending on the holding period of the shares of Common Stock; provided, that if the shares subject to an incentive stock option are disposed of prior to the expiration of two years from the date of grant and one year from the date of exercise, the gain realized on the disposition will be treated as ordinary compensation income to the Optionee.

The tax basis of the shares of Common Stock received by the recipient will be the market value on the date the recipient is considered to have received taxable compensation income, and the holding period of the shares will begin the day after such date.

With respect to incentive stock options, the excess of the fair market value of the stock obtained upon exercise over the exercise price therefor may be treated as a tax preference item for alternative minimum tax purposes.

The affirmative vote of a majority of the outstanding voting stock present in person or by proxy at the Annual Meeting is required for approval of the 1995 Option Plan.

The Board of Directors recommends a vote FOR approval of the adoption of

the 1995 Option Plan.

1.5 SHARES

The aggregate number of shares reserved for issuance pursuant to the Plan shall be 1,000,000 shares of Common Stock, or the number and kind of shares of stock or other securities which shall be substituted for such shares or to which such shares shall be adjusted as provided in Section 1.6. No individual may be granted options to purchase more than an aggregate of 500,000 shares of Common Stock pursuant to the Plan.

Such number of shares may be set aside out of the authorized but unissued shares of Common Stock or out of issued shares of Common Stock acquired for and held in the Treasury of the Company, not reserved for

any other purpose. Shares subject to, but not sold or issued under, any Option terminating or expiring for any reason prior to its exercise in full will again be available for Options thereafter granted during the balance of the term of the Plan.

1.6 ADJUSTMENTS DUE TO STOCK SPLITS, MERGERS, CONSOLIDATION, ETC.

If, at any time, the Company shall take any action, whether by stock dividend, stock split, combination of shares or otherwise, which results in a proportionate increase or decrease in the number of shares of Common Stock theretofore issued and outstanding, the number of shares which are reserved for

issuance under the Plan and the number of shares which, at such time, are subject to Options shall, to the extent deemed appropriate by the Committee, be increased or decreased in the same proportion, provided, however, that the Company shall not be obligated to issue fractional shares.

Likewise, in the event of any change in the outstanding shares of Common Stock by reason of any recapitalization, merger, consolidation, reorganization, combination or exchange of shares or other corporate change, the Committee shall make such substitution or adjustments, if any, as it deems to be appropriate, as to the number or kind of shares of Common Stock or other securities which are reserved for issuance under the Plan and the number of shares or other securities which, at such time are subject to Options.

In the event of a Change in Control, at the option of the Board or the Committee, (a) all options outstanding on the date of such Change in Control shall, for a period of sixty (60) days following such Change in Control, become immediately and fully exercisable, and (b) an optionee will be permitted to surrender for cancellation within sixty (60) days after such Change in Control any option or portion of an option which was granted more than six (6) months prior to the date of such surrender, to the extent not yet exercised, and to receive a cash payment in an amount equal to the excess, if any, of the Fair Market Value (on the date of surrender) of the shares of Common Stock subject to the option or portion thereof surrendered, over the aggregate purchase price for such Shares under the option.

1.7 NON-ALIENATION OF BENEFITS

Except as herein specifically provided, no right or unpaid benefit under the Plan shall be subject to alienation, assignment, pledge or charge and any attempt to alienate, assign, pledge or charge the same shall be void. If any Participant or other person entitled to benefits hereunder should attempt to alienate, assign, pledge or charge any benefit hereunder, then such benefit shall, in the discretion of the Committee, cease.

1.8 WITHHOLDING OR DEDUCTION FOR TAXES

If, at any time, the Company or any Subsidiary or Affiliate is required, under applicable laws and regulations, to withhold, or to make any deduction for any taxes, or take any other action in connection with any Option exercise, the Participant shall be required to pay to the Company or such Subsidiary or Affiliate, the amount of any taxes required to be withheld, or, in lieu thereof, at the option of the Company, the Company or such Subsidiary or Affiliate may accept a sufficient number of shares of Common Stock to cover the amount required to be withheld.

1.9 ADMINISTRATIVE EXPENSES

The entire expense of administering the Plan shall be borne by the Company.

1.10 GENERAL CONDITIONS

- a. The Board or the Committee may, from time to time, amend, suspend or terminate any or all of the provisions of the Plan, provided that, without the Participant's approval, no change may be made which would prevent an Incentive Stock Option granted under the Plan from qualifying as an Incentive Stock Option under Section 422 of the Code or result in a "modification" of the Incentive Stock Option under Section 424(h) of the Code or otherwise alter or impair any right theretofore granted to any Participant ; and further provided that, without the consent and approval of the holders of a majority of the outstanding shares of Common Stock of the Company present at a meeting at which a quorum exists, neither the Board nor the Committee may make any amendment which (i) changes the class of persons eligible for options; (ii) increases (except as provided under Section 1.6 above) the total number of shares or other securities reserved for issuance under the Plan; (iii) decreases the minimum option prices stated in Section 2.2 hereof (other than to change the manner of determining Fair Market Value to conform to any then applicable provision of the Code or any regulation thereunder); (iv) extends the expiration date of the Plan, or the limit on the maximum term of Options; or (v)

withdraws the administration of the Plan from a committee consisting of two or more members, each of whom is a Disinterested Person.

- b. With the consent of the Participant affected thereby, the Committee may amend or modify any outstanding Option in any manner not inconsistent with the terms of the Plan, including, without limitation, and irrespective of the provisions of Sections 2.3(c) and 2.4(b) below, to accelerate the date or dates as of which an installment of an Option becomes exercisable.
- c. Nothing contained in the Plan shall prohibit the Company or any Subsidiary or Affiliate from establishing other additional incentive compensation arrangements for employees of the Company or such Subsidiary or Affiliate.
- d. Nothing in the Plan shall be deemed to limit, in any way, the right of the Company or any Subsidiary or Affiliate to terminate a Participant's employment with the Company (or such Subsidiary or Affiliate) at any time.
- e. Any decision or action taken by the Board or the Committee arising out of or in connection with the construction, administration, interpretation and effect of the Plan shall be conclusive and binding upon all Participants and any person claiming under or through any Participant.
- f. No member of the Board or of the Committee shall be liable for any act or action, whether of commission or omission, (i) by such member except in circumstances involving actual bad faith, nor (ii) by any other member or by any officer, agent or employee.

1.11 COMPLIANCE WITH APPLICABLE LAW

Notwithstanding any other provision of the Plan, the Company shall not be obligated to issue any shares of Common Stock, or grant any Option with respect thereto, unless it is advised by counsel of its selection that it may do so without violation of the applicable Federal and State laws pertaining to the issuance of securities and the Company may require any stock certificate so issued to bear a legend, may give its transfer agent instructions limiting the transfer thereof, and may take such other steps, as in its judgment are reasonably required to prevent any such violation.

1.12 EFFECTIVE DATES

The Plan was adopted by the Board on November 8, 1994, subject to approval by the stockholders of the Company. The Plan shall terminate on November 7, 2004.

SECTION 2. OPTION GRANTS

2.1 AUTHORITY OF COMMITTEE

Subject to the provisions of the Plan, the Committee shall have the sole and complete authority to determine (i) the Participants to whom Options shall be granted; (ii) the number of shares to be covered by each Option; and (iii) the conditions and limitations, if any, in addition to those set forth in Sections 2 and 3 hereof, applicable to the exercise of an Option, including without limitation, the nature and duration of the restrictions, if any, to be imposed upon the sale or other disposition of shares acquired upon exercise of an Option.

Stock options granted under the Plan may be of two types: an incentive stock option ("Incentive Stock Option"); and a non-qualified stock option ("Non-Qualified Stock Option").

It is intended that the Incentive Stock Options granted hereunder shall constitute incentive stock options within the meaning of Section 422 of the Code and shall be subject to the tax treatment described in Section 422 of the Code.

Anything in the Plan to the contrary notwithstanding, no provision of the Plan relating to Incentive Stock Options shall be interpreted, amended or

altered, nor shall any discretion or authority granted under the Plan be so exercised, so as to disqualify either the Plan or, without the consent of the optionee, any Incentive Stock Option under Section 422 of the Code.

The Committee shall have the authority to grant Incentive Stock Options, or to grant Non-Qualified Stock Options, or to grant both types of Options. To the extent that any Option does not qualify as an Incentive Stock Option, in whole or in part, it shall constitute a separate Non-Qualified Stock Option to the extent of such disqualification.

2.2 OPTION EXERCISE PRICE

The price of stock purchased upon the exercise of Options granted pursuant to the Plan shall be the Fair Market Value thereof at the time that the Option is granted.

If an employee owns or is deemed to own (by reason of the attribution rules applicable under Section 424(d) of the Code) more than 10% of the combined voting power of all classes of the stock of the Company or any parent corporation of the Company or Subsidiary and an Option granted to such employee is intended to qualify as an Incentive Stock Option within the meaning of Section 422 of the Code, the exercise price shall be no less than 110% of the Fair Market Value of the Common Stock on the date the Option is granted. The purchase price is to be paid in full in cash, certified or bank cashier's check or, at the option of the Company, Common Stock valued at its Fair Market Value on the date of exercise, or a combination thereof, when the Option is exercised and stock certificates will be delivered only against such payment.

2.3 INCENTIVE STOCK OPTION GRANTS

Each Incentive Stock Option will be subject to the following provisions:

a. Term of Option

An Incentive Stock Option will be for a term of not more than ten years from the date of grant, except in the case of an employee described in the second paragraph of Section 2.2 above in which case an Incentive Stock Option will be for a term of not more than five years from the date of the grant.

B-5

27

b. Annual Limit

To the extent the aggregate Fair Market Value of the Common Stock (determined as of the date of grant) with respect to which any options granted hereunder are intended to be designated as Incentive Stock Options under the Plan (or any other incentive stock option plan of the Company or any Subsidiary) which may be exercisable for the first time by the optionee in any calendar year exceeds \$100,000, such options shall not be considered incentive stock options.

c. Exercise

Subject to the power of the Committee under Section 1.10(b) above and except in the manner described below upon the death of the optionee, an Incentive Stock Option may be exercised only in installments as follows: up to one-half of the subject shares on and after the first anniversary of the date of grant, up to all of the subject shares on and after the second such anniversary of the date of the grant of such Option but in no event later than the expiration of the term of the Option.

An Incentive Stock Option shall be exercisable during the optionee's lifetime only by the optionee and shall not be exercisable by the optionee unless, at all times since the date of grant and at the time of exercise, such optionee is an employee of the Company, any parent corporation of the Company or any Subsidiary, except that, upon termination of all employment (other than by death or by Total Disability followed by death in the circumstances provided below) with the Company, any parent corporation of the Company and any Subsidiary or Affiliate, the optionee may exercise an Incentive Stock Option at any time within three months thereafter but only to the extent such Option is exercisable on the date of such termination.

In the event of the death of an optionee (i) while an employee of the Company, any parent corporation of the Company or any Subsidiary or Affiliate, or (ii) within three months after termination of all employment with the Company, any parent corporation of the Company and any Subsidiary or Affiliate (other than for Total Disability) or (iii) within three months after termination on account of Total Disability of all employment with the Company, any parent corporation of the Company and any Subsidiary, such optionee's estate or any person who acquires the right to exercise such option by bequest or inheritance or by reason of the death of the optionee may exercise such optionee's Option at any time within the period of one year from the date of death. In the case of clauses (i) and (iii) above, such Option shall be exercisable in full for all the remaining shares covered thereby, but in the case of clause (ii) such Option shall be exercisable only to the extent it was exercisable on the date of such termination.

Notwithstanding the foregoing provisions regarding the exercise of an Option in the event of death, Total Disability or other termination of employment, in no event shall an Option be exercisable in whole or in part after the termination date provided in the Option.

d. Transferability

An Incentive Stock Option granted under the Plan shall not be transferable otherwise than by will or by the laws of descent and distribution.

2.4 NON-QUALIFIED STOCK OPTION GRANTS

Each Non-Qualified Stock Option will be subject to the following provisions:

a. Term of Option

A Non-Qualified Stock Option will be for a term of not more than ten years from the date of grant.

B-6

28

b. Exercise

The exercise of a Non-Qualified Stock Option shall be subject to the same terms and conditions as provided under Section 2.3(c) above.

c. Transferability

A Non-Qualified Stock Option granted under the Plan shall not be transferable otherwise than by will or by the laws of descent and distribution, except as may be permitted by the Board or the Committee.

2.5 AGREEMENTS

In consideration of any Options granted to a Participant under the Plan, each such Participant shall enter into an Option Agreement with the Company providing, consistent with the Plan, such terms as the Committee may deem advisable.
