

Explanatory Note

The following information updates and should be read together with the information contained in our preliminary prospectus supplement dated June 11, 2018, which we refer to herein as the prospectus supplement. In the prospectus supplement, we proposed to offer 2,500,000 primary shares of our common stock and the selling stockholder named therein proposed to offer 5,583,375 shares of Griffon's common stock, in each case subject to market conditions. We have determined not to sell primary shares based on the price at which shares are expected to be sold in the offering, and are therefore withdrawing the shares of common stock to be offered by us from the offering, including the shares necessary to cover the underwriters' 30-day option to purchase additional shares from us. As a result of our withdrawal of shares necessary to cover the underwriters' 30-day option, the selling stockholder has reduced the amount of shares offered under the prospectus supplement from 5,583,375 to 4,855,109 shares of common stock and will grant the underwriters a 30-day option to purchase up to 728,266 additional shares of common stock from the selling stockholder (representing 15% of the aggregate amount of the reduced number of shares of common stock offered by the selling stockholder pursuant to this offering). If the option is exercised in full, the selling stockholder will no longer own any shares of Griffon. This issuer free writing prospectus updates the information contained in the prospectus supplement to reflect the withdrawal of the shares to be offered by us, the reduction in the amount of shares offered by the selling stockholder and the grant by the selling stockholder of the 30-day option to the underwriters to purchase additional shares. This free writing prospectus discloses, among other things, the impact of the withdrawal of the primary portion of the offering on the use of proceeds and capitalization tables. Unless otherwise specified, all references to page numbers are to page numbers in the prospectus supplement and unless the context requires otherwise, the words "we," "our," and "us" refer to Griffon Corporation.

⁽¹⁾ See "Underwriting (Conflicts of Interest)"

If the underwriters exercise their option in full, the total underwriting discounts and commissions payable by the selling stockholder will be \$, and the total proceeds to the selling stockholder, will be \$. UNDERWRITING (CONFLICTS OF INTEREST)

The selling stockholder is offering the shares of common stock described in the prospectus supplement through a number of underwriters. J.P. Morgan Securities LLC and Goldman Sachs & Co. LLC are acting as joint book-running managers of the offering and as representatives of the underwriters. We and the selling stockholder have entered into an underwriting agreement with the representatives, on behalf of the underwriters. Subject to the terms and conditions of the underwriting agreement, the selling stockholder has agreed to sell to the underwriters, and each underwriter has severally agreed to purchase, at the public offering price less the underwriting discounts and commissions set forth on the cover page of the prospectus supplement, the number of shares of common stock listed next to its name in the following table:

Underwriter	Number of Shares
J.P. Morgan Securities LLC	
Goldman Sachs & Co. LLC	
Robert W. Baird & Co. Incorporated	
Deutsche Bank Securities Inc.	
Wells Fargo Securities, LLC	
CJS Securities, Inc.	
Sidoti & Company, LLC	
Total:	4,855,109

The underwriters are committed to purchase all of the shares of common stock offered if they purchase any shares. The obligations of the underwriters under the underwriting agreement, including their agreement to purchase shares, are several and not joint. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the non-defaulting underwriters may be increased or the offering may be terminated.

The underwriters have advised us that they initially propose to offer the shares to the public at the public offering price that appears on the cover page of the prospectus supplement. The underwriters may offer the shares to selected dealers at the public offering price less a concession of up to \$. After the initial offering of the shares, the underwriters may change the public offering price(s) and any other selling terms. Sales of shares made outside the United States may be made by affiliates of each underwriter.

The underwriters have an option to buy up to 728,266 additional shares of our common stock from the selling stockholder at the public offering price listed on the cover page of this prospectus supplement less underwriting discounts and commissions. The underwriters have 30 days from the date of the prospectus supplement to exercise this option to purchase additional shares. If any additional shares are purchased with this option, the underwriters will purchase such additional shares in approximately the same proportion as show in the table above. If any additional shares are purchased, the underwriters will offer the additional shares on the same terms as those on which the shares are being offered.

The underwriting fee is equal to the public offering price per share of common stock, less the amount paid by the underwriters to the selling stockholder, per share of common stock. The underwriting fee is \$ per share. The following table shows the per share and total underwriting discounts and commissions to be paid by the selling stockholder to the underwriters in connection with this offering. The amounts are shown assuming both no exercise and full exercise of the underwriters' option to purchase additional shares of common stock from the selling stockholder.

	Without option exercise	With full option exercise
Per share	\$	\$
Total	\$	\$

We have agreed, pursuant to a Registration Rights Agreement, dated September 29, 2008, to pay certain expenses of the selling stockholder, including registration, filing and listing fees, printing fees and legal and accounting expenses, but excluding the underwriting discounts and commissions set forth in the table above, which we estimate to be approximately \$ incurred in connection with the sale of the shares offered hereby.

A prospectus in electronic format may be made available on the web sites maintained by one or more of the underwriters, or selling group members, if any, participating in the offering. The underwriters may agree to allocate a number of shares to underwriters and selling group members for sale to their online brokerage account holders. Internet distributions will be allocated by the representatives to the underwriters and selling group members that may make Internet distributions on the same basis as other allocations.

We have agreed that, without the prior written consent of J.P. Morgan Securities LLC and Goldman Sachs & Co. LLC, we will not, subject to certain limited exceptions, during the period ending 90 days after the date of the prospectus supplement, or the restricted period:

- offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, or otherwise transfer or dispose of, directly or indirectly, or submit to or file with the SEC a registration statement under the Securities Act relating to, any shares of our common stock or any securities convertible into or exercisable or exchangeable for shares of our common stock, or publicly disclose the intention to make any offer, sale, pledge, disposition, submission or filing, or
- enter into any swap or other agreement that transfers, in whole or in part, any of the economic consequences of ownership of any shares of our common stock or any such other securities convertible into or exercisable or exchangeable for shares of our common stock, whether any such swap, arrangement or transaction described in this or the immediately preceding bullet is to be settled by delivery of shares of common stock or such other securities, in cash or otherwise.

Our directors and executive officers have agreed that, without the prior written consent of J.P. Morgan Securities LLC and Goldman Sachs & Co. LLC, they will not, subject to certain limited exceptions, during the restricted period:

- offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, or otherwise transfer or dispose of, directly or indirectly, any shares of our common stock or any securities convertible into or exercisable or exchangeable for shares of our common stock (including without limitation, our common stock or such other securities which may be deemed to be beneficially owned by such director or executive officer in accordance with the rules and regulations of the SEC and securities which may be issued upon exercise of a stock option or warrant), or publicly disclose the intention to make any offer, sale, pledge or disposition, or
- enter into any swap or other agreement that transfers, in whole or in part, any of the economic consequences of ownership of shares of our common stock or any such other securities convertible into or exercisable or exchangeable for shares of our common stock, whether any such transaction is to be settled by delivery of common stock or such other securities, in cash or otherwise, or
- make any demand for or exercise any right with respect to the registration of any shares of our common stock or any security convertible into or exercisable or exchangeable for our common stock.

In addition, in the underwriting agreement, we and the selling stockholder have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

Our common stock is listed on the NYSE under the symbol “GFF.”

In connection with this offering, the underwriters may engage in stabilizing transactions, which involve making bids for, purchasing and selling shares of our common stock in the open market for the purpose of preventing or retarding a decline in the market prices of the shares of our common stock while this offering is in progress. These stabilizing transactions may include making short sales of the shares of our common stock, which involve the sale by the underwriters of a greater number of shares of our common stock than they are required to purchase in this offering, and purchasing shares of our common stock on the open market to cover positions created by short sales. Short sales may be “covered” shorts, which are short positions in an amount not greater than the underwriters’ option to purchase additional shares referred to above, or may be “naked” shorts, which are short positions in excess of that amount. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the shares of our common stock in the open market that could adversely affect investors who purchase in this offering. To the extent that the underwriters create a naked short position, they will purchase shares of our common stock in the open market to cover the position.

The underwriters have advised us that, pursuant to Regulation M under the Exchange Act, they may also engage in other activities that stabilize, maintain or otherwise affect the price of our common stock, including the imposition of penalty bids. This means that if the representatives of the underwriters purchase shares of our common stock in the open market in stabilizing transactions or to cover short sales, the representatives can require the underwriters that sold those shares of our common stock as part of this offering to repay the underwriting discount received by them. These activities may have the effect of raising or maintaining the market price of our common stock or preventing or retarding a decline in the market price of our common stock, and, as a result, the price of our common stock may be higher than the price that otherwise might exist in the open market. If the underwriters commence these activities, they may discontinue them at any time. The underwriters may carry out these transactions on the NYSE, in the over-the-counter market or otherwise.

In addition, in connection with this offering, underwriters and selling group members may engage in passive market making transactions in the common stock on the NYSE in accordance with Rule 103 of Regulation M under the Exchange Act during a period before the commencement of offers or sales of common stock and extending through the completion of distribution. A passive market maker must display its bid at a price not in excess of the highest independent bid of that security. However, if all independent bids are lowered below the passive market maker's bid, that bid must then be lowered when specified purchase limits are exceeded. Passive market making may cause the price of our common stock to be higher than the price that otherwise would exist in the open market in the absence of those transactions. The underwriters and dealers are not required to engage in passive market making and may end passive market making activities at any time.

Other than in the United States, no action has been taken by us or the underwriters that would permit a public offering of the shares of common stock offered by the prospectus supplement in any jurisdiction where action for that purpose is required. The securities offered by the prospectus supplement may not be offered or sold, directly or indirectly, nor may the prospectus supplement or any other offering material or advertisements in connection with the offer and sale of any such shares of common stock be distributed or published in any jurisdiction, except under circumstances that will result in compliance with the applicable rules and regulations of that jurisdiction. Persons into whose possession the prospectus supplement comes are advised to inform themselves about and to observe any restrictions relating to the offering and the distribution of the prospectus supplement. The prospectus supplement does not constitute an offer to sell or a solicitation of an offer to buy any shares of common stock offered by the prospectus supplement in any jurisdiction in which such an offer or a solicitation is unlawful.

The underwriters and their respective affiliates are full-service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, market making, financing and brokerage activities.

Certain of the underwriters and their affiliates have provided in the past to us, our affiliates and the selling stockholder, and may provide from time to time in the future, certain commercial banking, financial advisory, investment banking and other services for us, our affiliates and the selling stockholder in the ordinary course of their business, for which they have received and may continue to receive customary fees and commissions and reimbursement of expenses. In particular, certain underwriters or their affiliates are agents and lenders under our revolving credit facility.

In addition, from time to time, certain of the underwriters and their affiliates may effect transactions for their own account or the account of customers, and hold on behalf of themselves or their customers, long or short positions in our debt or equity securities or loans, and may do so in the future. In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of the issuer. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in

respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Conflicts of Interest

Because an affiliate of Goldman Sachs & Co. LLC, an underwriter, owns greater than 10% of our common stock prior to this offering and is the selling stockholder and will receive at least 5% of the net proceeds from this offering, Goldman Sachs & Co. LLC could be deemed to have a “conflict of interest” under Rule 5121 of the Financial Industry Regulatory Authority, Inc., or Rule 5121. Accordingly, this offering is being made in compliance with the requirements of Rule 5121. The appointment of a “qualified independent underwriter” is not required in connection with this offering because a “bona fide public market,” as defined in Rule 5121, exists for our Common Stock.

Bradley J. Gross, a director of the Company, is a designee of GS Direct, the selling stockholder. GS Direct is an affiliate of Goldman Sachs & Co. LLC. Mr. Gross is a Managing Director in the Merchant Banking Division of Goldman Sachs & Co. LLC. Mr. Gross was appointed pursuant to an Investment Agreement between us and GS Direct, dated August 7, 2008, and, effective as of the closing of this offering, will resign from our Board of Directors.
